

Dress**Code:**

All campers are reminded of the Trustees Dress Code that states... "Modest dress should be practiced at all times. All clothing (whether dresses, pants shorts, cutoffs, etc.) shall be long enough that no skin will be touched with the fingertips while standing, with the arms held at the side." In addition at our camp, deep-cut tank tops, tube tops, spaghetti straps, plunging necklines and midriff-baring clothing are not allowed.

Cell Phones:

At this time, campers are still permitted to bring cell phones to camp, however, their use should be limited so not to interfere with your camp experience in growing closer to God. Cell phones are NOT allowed in worship services or during morning class time. If seen during these times, they will be taken from the camper and given to their counselor.

Physical Contact:

There should be no physical contact between campers of the opposite sex (holding hands, hugging, hitting, etc.). No campers are to wander off by themselves and, following the evening services, all campers must remain in the lighted areas.
